## Master Vendor

The simplest solution to moving ahead with a contingent workforce program is to partner with Cavalier. We take care of everything; from designing your built-to-fit program, to supplying the technology, know-how and resources needed day-to-day.

## Employer of Record

An Employer of Record introduces a single point of contact to manage and payroll your contingent workforce. This brings with it an additional layer of transparency and accountability that many employers want. As your Employer-of-Record, we act on behalf of our clients, operating as an extension to your business.

## Recruitment Process Outsourcing

An established Recruitment Process Outsourcer (RPO), we take care of the end-to-end hiring process on your behalf, covering both Full-Time AND Contingent Workforce needs as you see fit. A blend of onsite and offsite operations delivers a white glove support service to hiring managers while maximizing economies from our offshore administration, background checking, legal and data engineering centers.

## Statement of Work

A Statement of Work (SOW) turns requirements for contingent workers into 'jobs to be done' that can be contracted out by purchasing departments. SOW contracts allow hirers to pay on results, rather than hours worked. Departmental managers, with work to be performed, can hire specific skills for each project or activity stream they need to complete.
